In re:

JENNIFER POLING,

Petitioner,

and

PELRB CASE NO. 307-18

NATIONAL EDUCATION ASSOCIATION-CLAYTON
& CLAYTON MUNICIPAL SCHOOLS,

Respondent.

ORDER

THIS MATTER comes before the Public Employee Labor Relations Board for certification of the results of a decertification election in re: National Education Association-Clayton & Clayton Municipal Schools. The Board being sufficiently advised finds by a vote of 3-0 the following:

- A. On August 30, 2018, the Director serving as the election supervisor served copies of his certification of the election results on both parties;
- B. Of the 28 eligible voters, 24 cast ballots so therefore there was a valid election. NMSA 1978, Section 10-7E-16(A);
- C. The majority vote of 16 ballots were cast in favor of decertification of the union and eight ballots were cast opposing decertification of the union;
- D. The tally of the vote is in compliance with 11.21.2.31.
- E. No objections to the conduct of the election or the ballot tally were raised that would cause the Board to not authorize the Director to issue a certificate decertifying the bargaining unit.

THEREFORE THE BOARD ratifies the Election Supervisor's ballot tally, recognizes the decertification of the incumbent bargaining unit, NEA-Clayton and authorizes the Director to issue a certificate decertifying the bargaining unit.
