At 11:36 a.m. Chair Nash moved to return to open session and stated pursuant to sections 10-15-1(I)(l) and 10-15-1(J), the only matter discussed in the closed executive session was Item 7 on the agenda. The motion was seconded by Member Myers and carried unanimously.

Vice-Chair Nelson stated that the Board agrees that collective bargaining agreements need to be followed and contractual obligations met; that the Board was not presented with evidence of other violations by the county; but the Board makes a distinction between violations of contractual due process occurring before the disciplinary hearing and violations that occur after the hearing; in this case the violations occurred after the employee's disciplinary hearing and had no adverse effects on the employee's right to appeal the discipline; so while the Board acknowledges that a violation occurred, the appropriate remedy is not expungement of the discipline. Vice-Chair Nelson then moved to affirm the Recommended Decision with the clarification that the Notice of Violation must be posted for at least 180 days, but does not need to be posted in vacant buildings where no employees would see it. The motion was seconded by Member Myers and carried unanimously.
